# NORTH EAST OPEN STUDIOS

# WELCOME TO NORTH EAST OPEN STUDIOS 2025!

The world is shifting at pace. From technology to climate, infrastructure to community — change is no longer something on the horizon; it's here, reshaping the way we live, work, and connect

And while it's easy to be overwhelmed by uncertainty, fear, and headlines designed to steal our hope, I believe there is **good out there**. There is light, laughter, creativity, and connection — if we choose to look for it.

This year, that light shone clearly when we celebrated our first-ever NEOS love story and wedding — a joyful reminder that art does far more than decorate the world; it brings people together.

As we look forward, we're preparing to transition NEOS into a Scottish Charitable Incorporated Organisation (SCIO). This is not just a legal shift — it's a strategic one, designed to futureproof NEOS, unlock funding and

partnerships, and give our community a formal seat at the tables where decisions are made.

And there are many of those opportunities right now.

From the Moray Growth Deal to the Cairngorms National Park Authority, from the Portsoy cultural heritage developments to the redevelopment of the Gordon Arms Hotel in Elgin by M:ADE, and the creative opportunities emerging around the Freeport initiative, our region is full of live projects that need the vision, values, and skills of the creative sector.

To make sure the voice of artists and makers is not just heard but respected, NEOS must evolve. We are not just a directory. We are a movement of over 300 creatives whose work spans traditional skills, cutting-edge design, storytelling, education, and enterprise. The wealth and breadth of talent in the North East of Scotland is

extraordinary — and it's time the wider world recognised it.

I invite you to explore this year's studios with open eyes and an open heart. Ask questions. Be inspired. Make connections. And if you feel stirred to contribute to this next chapter — whether as a visitor, volunteer, partner, or practitioner — we'd love to have you with us.

Here's to creativity, community, and all that's still to come.

Clare-Louise Battersby Chair, North East Open Studios

# **ABOUT US**

# northeastopenstudios

#NorthEastOpenStudios #NFOS2025

# The Story of NEOS

North East Open Studios began in 2003, created by a small group of dedicated artists and makers who saw the need for something more - a way for both established creatives and those just starting out, or new to the area, to connect with the public.

From the beginning, NEOS has been open to all. There's no selection process. If you're making work — whatever the stage of your journey - you're welcome.

NEOS is not an art or craft fair. It's a region-wide invitation to step inside working studios and creative spaces. Visitors meet artists where the magic happens, gaining real insight into their process and inspiration. Every space is different, and every conversation personal.

# Visitor Feedback

We're always looking to improve, and your feedback helps shape NEOS year after year.

In 2025, you'll find a QR code in the directory book. Simply scan it after your visit and let us know what you thought — it only takes a minute, and it makes a big difference.

Thank you for supporting local creativity.

# **How to Use This Guide**

This NEOS 2025 book lists all participating members, with examples of their work. locations, and contact details.

For more information or to plan your visits, explore our website:

# northeastopenstudios.co.uk

Each member has their own online gallery with more images and details.

(Note: Many NEOS members welcome visitors year-round please contact them directly.)

Scan the QR code to share your thoughts. It only takes a minute, and your feedback helps shape the future of NEOS.

Key to Member's onsite facilities:

As NEOS transitions into a Scottish charity (SCIO), we're looking for skilled, committed individuals who want to make a real difference.

This is not a call for more meetings or endless debate.

We need doers, not just talkers — people ready to roll up their sleeves and help shape one of the UK's largest open studios events for the next generation.

# JOIN THE FUTURE OF NORTH EAST OPEN STUDIOS

# We're especially keen to hear from people with skills in:

- Digital content creation, social media and short-form video
- Website or CRM experience
- · Accessibility and inclusion
- Marketing, PR or fundraising
- · Logistics, planning and operations
- Youth, diversity and community engagement

# What you'll gain:

- Credited involvement in a nationally recognised event
- Real-world experience in the arts, events, and charity sectors
- Networking opportunities with a vibrant creative community
- The chance to leave your mark on a respected cultural organisation

If you care about people, place, creativity and community — we'd love to hear from you.

# **Find Your Way Around**

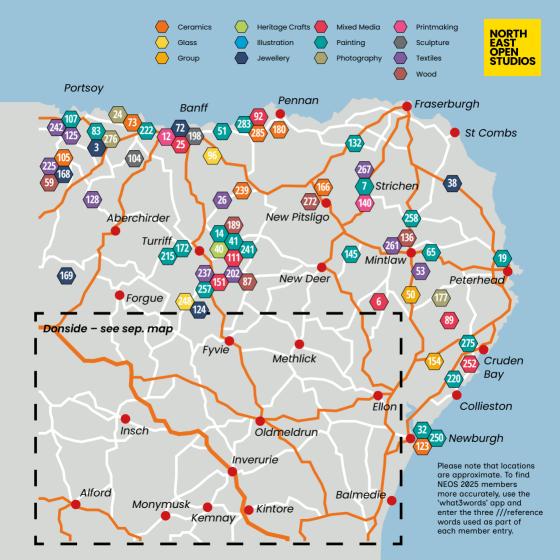

NEOS is open to everyone — from award-winning artists to those sharing their work for the first time.

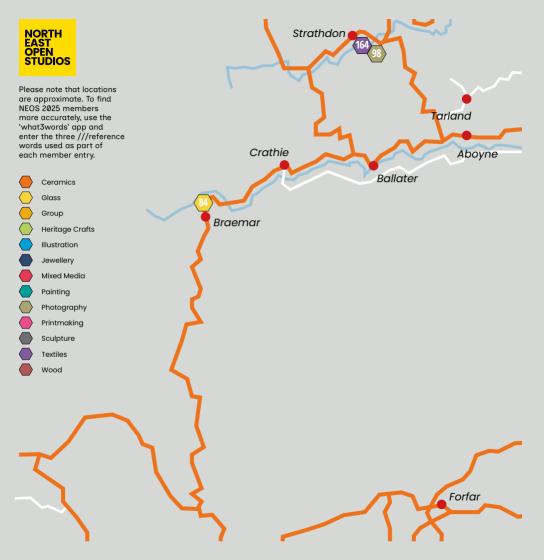

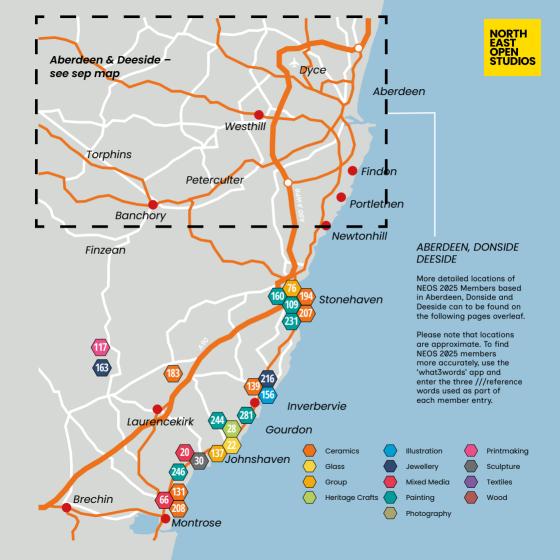

Use the maps in this book to explore where our 2025 members are based, from Forres to Inverbervie and beyond. Locations are approximate, so for pinpoint accuracy, use the **what3words** references listed in each entry.

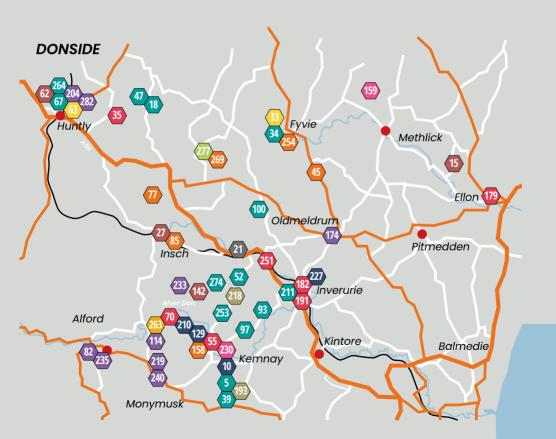

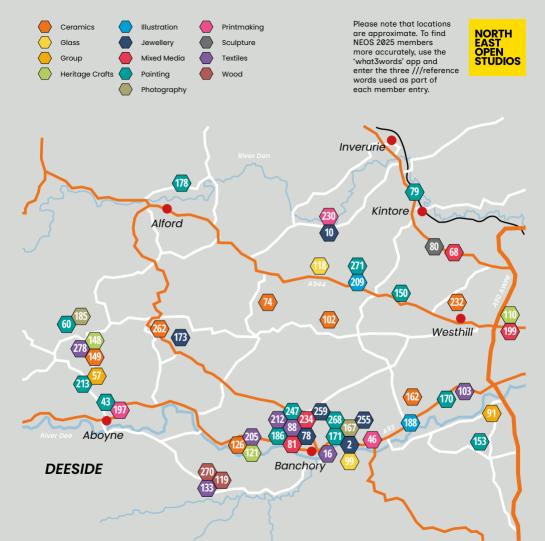

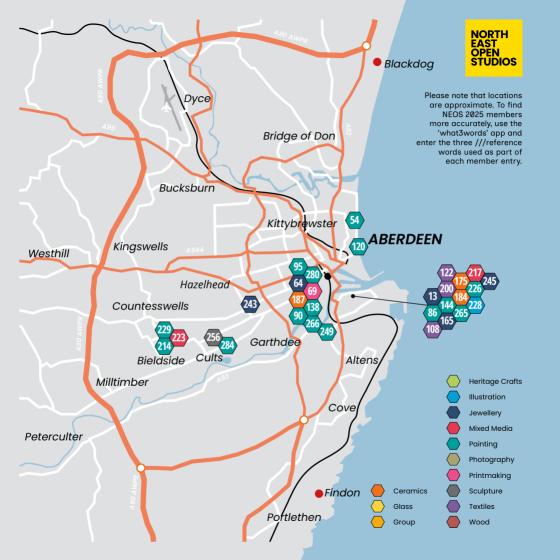

Please note that locations are approximate. To find NEOS 2025 members more accurately, use the 'what3words' app and enter the three ///reference words used as part of each member entry.

My work captures interplays between the ever-changing qualities of Scottish landscapes and our evolving connections with them. Infused with lively colour and light my work embodies the characters of landscapes and our shared experiences of them. I will be sharing the pop-up studio space with the talented Amanda of The Felted Hare and Gail of Croft Leather.

Located halfway between Grantown and Aberlour on the A95. Signposted Inveroven Church and brown tourist sign to Inveroven Pictish Stones. The church itself can be found a third of a mile at the end of the narrow single-track road.

I create distinctive silver jewellery inspired by the tranquillity of nature and our local landscapes incorporating semi-precious stones, organic textures and botanical motifs. I also teach beginners pop up workshops locally. I will have my tools and workbench in my NEOS studio so you can see my work in progress.

Milton of Crathes is west of Aberdeen on the North Deeside Road A93 near Banchory. By bus take the 201 from Aberdeen and get off at Crathes Castle. There is plenty of free parking on site plus other small retailers and gallery to explore. Find me in the Bothy, the small building past the Brasserie next to the play park.

I'm inspired by the materials I use, the vivid greens and raspberry pinks of Tourmaline combined with the gleam of fine silver. I create strong sculptural designs in jewellery and Silverware.

The Yellow Triangle Croft sign is on the left-hand side of the B9022 after travelling 1.5 miles south from Portsoy. Triangle Croft is a further 0.5 miles up the track at the top of the hill.

There is space for five cars at the triangle Croft.

# **Alice Harman Botanical Art**

Kemnay House, Kemnay AB51 5LH 07986 637149 aspharman@gmail.com cow-shed-studio.com

This year there will be a retrospective of Alice's beautiful botanical artwork at Kemnay House to celebrate her life, contribution to the arts and extensive creative talent. We will be showing a selection of her original watercolours on paper and velum, as well as prints and a variety of other delicately hand crafted pieces that she enjoyed making.

Coming from Aberdeen take the B994 then B993 to Kemnay. Go through the village, pass the school on your left and just after the Grove Nursing home turn left into the entrance to the private drive. Coming from Moneymusk, take the right turn after the golf course and the community garden. Follow signs for parking.

Disabled parking by front door of the house, this is signposted.

My images are made up of multi layered fabrics and stitching to show the depth, colours and textures of nature. I paint or gelli print fabrics, make 'pebbles' and 'stone dykes' and often incorporate natural found objects. I enjoy experimenting with different ideas and techniques which I am hoping will be on show during NEOS.

From Ellon take the Auchnagatt road for approximately 4 miles. Turn right on to the Arnage/Stuartfield road for approximately 4 miles, at the unsignposted Y junction, take the right hand fork and I am first on the left.

There is ample parking beside my cabin.

With a studio based in the North East of Scotland, my work is inspired by the dramatic landscapes and seascapes which surround me. The unique textiles I design and make are created by blending heritage craft techniques with contemporary design. Hand weaving with natural fibres on multi-shaft looms, workshops, rug tufting and natural dyeing.

On South Deeside Road between Crathes and the Banchory. Turn up the track at Maryfield Farm. Follow the track to the top and round to the right. Studio is the wood clad building on the right through the high gate.

Plenty of parking behind the studio, please be careful not to block any driveways.

I'm inspired by the big skies, open landscape, and empty beaches of northeast Scotland. Daily walks and drives spark ideas for my oil paintings, as I'm drawn to striking colour combinations and the play of light on land and water. I design and make high-quality statement pieces of jewellery from my workshop in Crimond, near Fraserburgh. My main sources of inspiration are architecture and the built environment, as well as geometric patterns and textures. I also teach jewellery making classes and 3D design, as well as teaching and arranging music.

FROM THE SOUTH: At Crimond, you will pass a care home on your left. Immediately after the care home you will see a hedge and a low black wall: our driveway is immediately after this wall. FROM THE NORTH: Just after the church on your left, look for the first two-storey building on right. Our driveway is just after the building.

\$ Traditionalfishingflies

I started dressing fishing flies while at school and for many years have researched the history and characters behind old salmon and trout flies. I now recreate the old flies using where possible the materials as specified by the originator. All classic salmon flies are dressed on handmade hooks and mounted in solid wooden frames.

Take the A947 Turriff to Banff road, approximately 2Km from Turriff turn off for Delgaty and Cuminestown. Stay on this road until you see the sign for Delgatie Castle. Take this turning and you will reach the main car park, circa 500m from the Cuminestown road.

Main car park, close to the castle and within easy walking distance.

I create vibrant, semi-abstract paintings and mixed-media sculptures inspired by local wildlife. Through my work, I share my love of nature, encouraging a deeper connection to the natural world and its protection. This year, I'm thrilled to showcase my process at the WDC Scottish Dolphin Centre – an ideal space that shares my passion for conservation.

The Scottish Dolphin Centre lies half way between Inverness and Aberdeen. Turn off the A96 onto the B9104, between Mosstodloch and Fochabers, following the brown tourism sign for the Scottish Dolphin Centre. Follow the road until the end and take the right hand fork to the centre car park.

Inspired by the Highlands and a lifetime of exploring. Excited by the alchemy of earth and fire. Loving creativity and having fun with clays. Functional and scultural work- thrown & hand built-multiple layered glaze surfaces, with reduction effects from dustbin firings and bonfires. Ever a pyromaniac! Ceramics are artworks you are welcome to touch.

If entering village from the east (Grantown or Strathdon) Letterbes is middle one of 3 granite villas on your right-hand side: if coming from west (A9 or Aviemore) it is second house from bend at the hotel. Walk up shared track following yellow NEOS signs. For those with limited mobility drive up track and park in back garden.

I trained in farming then sculpture. I combine my experience to design and then make sculptural useful objects like lamps, and in making animated sculptures on the themes of philosophy and ethics for a decent society. I get pleasure from the circular approach using recycled materials as much as possible - combining art, design and environmental awareness.

We are 2 miles south of Portsoy off the B9022 Huntly Road heading south. There is a small sign on the right to Durn Hill Farm. Follow that road for 500 metres and we are straight ahead at the sharp lefthand bend.

There is plenty of parking in the yard.

I work within an expanded painting practice, influenced by land and seascapes, maps and urban living. I play with ambiguity, misdirection, juxtaposition of marks, emblems, textures, colours and perspectives. Through a series of layers the compositions emerge both abstract and representational.

I continue to work on images that try to capture something of the wild elemental forces in our Scottish landscapes. I try and express some of this energy through colour, tone and brush marks. I will also have on display Celtic jewellery and highly detailed historic miniatures. Sharing the venue will be Linda Watson photography and Alan Baillie Silversmith.

The Triangle Croft Gallery sign is on the left-hand side of the B9022 after traveling 1.5 miles south from Portsoy. Triangle Croft Gallery is then a further 0.5 miles up the farm track at the top.

As an artist clay is my main material to create forms, and clay colour is what use on them. My natural pigments are sustainably foraged in and around the area and different parts of the world. They are prepared in my studio and are fired in a raku kiln or smoke fired in a pit. Also exhibiting here are James Crombie, Johanna Sanden and Anne Marquiss.

We are 2 miles south of Portsoy off the B9022 Huntly road. Small sign to Durn Hill Farm on right when heading south. Follow that road for 500 metres and our entrance is in front of you. Follow sians for exhibition areas.

There is a generous parking space beside the studios.

I'm looking forward to meeting you. My sculptures and vessels aspire to highlight the tactile nature of wood with all its defects. You are invited to interact through both touch and sight. Combining traditional and modern techniques to explore textures and form, I hope to foster a deeper connection between the artwork and its audience.

From Huntly. Follow the A96 towards Keith Turn right towards Cairnie. Follow the road until you reach Ruthven. Here turn left, signposted Grange. After about 1.5 miles you will arrive. Look out for the yellow NEOS signs.

My work is inspired by Sacred Art, as seen in traditional Byzantine Icons and the great classical masters of Medieval and Renaissance Art. This particular work is a recreation in egg-tempera and pure gold leaf, in the same techniques used in the 15th century. To utilise the reflected light effect of the gold, I painted partly on the gold - lustre technique.

Towards Banff take the A98 to Portsov and follow the signs to the 17th century Old harbour, 17 Low Street is a just short walk away.

Using the Cyanotype process I explore the themes of: forgotten histories and secrets that have been packed away just waiting to be uncovered. the possibility held within new beginnings with the opening of boxes. Lace, old damaged and repaired fabrics as well as hand tools such as spanners, pliers and screwdrivers provide me with inspiration and my imagery.

Approach Garmouth on B9015 from Mosstodloch. The venue is on your left just before the bridge into Garmouth.

There is parking available on site and

We are a small farm that produces artisan garments and crafts made from our own flock of Herdwick sheep. All hand crafted and knitted here. Why not come by and meet some of the sheep and learn more about why we use our wool and what keeps inspiring us to use such a wonderful natural product that is overlooked in modern times.

If using google maps or sat nav our post code takes you directly to our farm. We are located between the villages of Aberchirder and Cornhill. Signs will be visible

I am a designer/maker of contemporary silver jewellery and spoons inspired by modern architecture, the Scottish landscape and Scandinavian minimalism. I create texture through hammering, casting and the use of found materials and 24ct gold highlights are added using the Korean technique of Keum boo. I am exhibiting with the artist Roderick Scott.

Gowanbank (7, Victoria Terrace) is at the junction of Victoria Terrace (B993) and Kendal Road. The studio is next to the house which overlooks Kemnay Pleasure park.

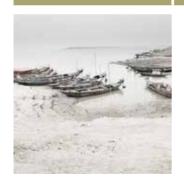

Parking is available on Kendal Road and Victoria Terrace.

My photography is inspired by urban and natural landscapes, large and small, with a nod towards identity and how this relates to our sense of place. I value community and diversity and the beautiful environment we live in. Image making is a way I observe and make sense of it all. Based in my garden studio, I throw pots on a Leach treadle wheel. The decoration of my work is heavily influenced by the surrounding seascapes of Montrose, also by the seasons and other varied landscapes of Angus. I work mainly in stoneware clay & fire in an electric kiln, experimenting with other firing techniques where possible.

I am delighted to be exhibiting at NEOS for the first time this year. My background is in printmaking, having graduated from Gray's many years ago. After recently attending various local workshops, I rediscovered my love of painting. I take inspiration from my surroundings; the texture of nature, the beauty of the sea & wonder of the sky.

6 miles from Fraserburgh on the A98, Fraserburgh to Banff road. Heading from Fraserburgh, turn in to the right (directly across from the Tyrie School road). Follow the track up the brae and around the bend. My exhibition will be in the cabin.

My art sits at the intersection of technology and humanity: Where artificial, coded, rigid araphics meet the natural, free unpredictable human form. Through a combination of drawing, painting and digital art. I explore the blurred boundaries between chaos and control, the cerebral and the physical... where is human innovation taking us?

My drive is directly opposite the entrance to the Tennis Club & Bowling Green. Once you arrive, follow the arrows ground the back of the house, and you'll find my studio located in the back garden. Look out for signage or markers to guide you.

I've always loved robots and beasties, and I've always loved working with clay. So it made sense to make them out of clay. My creations are handmade using slabs and extrusions. I fire them in a variety of kilns to stoneware temperatures. Some of them are happy and some of them sad, but all of them are awesome.

Turn off the A92 onto Fairfield Road. Then turn immediately left onto Trenchard Way. Follow the road as it turns right. I am about half way down on the right.

I create work that I hope makes people smile and evokes a memory; I love bright, bold colour and use this to bring my linear drawings or photographs to life. The surrounding sea and landscapes of the northeast are my main inspiration. I typically work with silk screen and risograph printing techniques, which perfectly suit my illustrative work style.

At the town hall and main crossroads in the village, turn on to Bridge Street so that the chemist is on your left. Follow the road until you come to a hard right, the house is on Burnshangie Road straight ahead. We are the only new build on the left of the road. What started as a hobby has now become my full-time passion. This year, I'm diving deeper into watercolour capturing wildlife wrapped in florals, and pushing myself with oil painting to create works that speak of strength and peaceful harmony. I'm embracing this journey to truly find my rhythm and voice as an artist... I can't wait to share it with you.

There is a coffee shop in the Kirkton of Skene village, Helensdale is just to the right of that if you are standing looking at it.

I am inspired by the sea, coast and incredible colours of this wonderful area. My seascapes are usually abstracted from the views from my walks along the coastline. Often there are hints to an actual location. I also enjoy painting people: anything from a studio portrait to a family out walking together.

On the main road from Burghead to Hopeman, look for the first 2 story stone cottage on the right as you enter Cummingston.

Attempting to capture the vastness, the beauty and the ever changing nature of the sky is most certainly a challenging subject matter with endless possibilities, which I find both fascinating and inspiring. I work using oil paints and tend to work on a medium to large scale which I feel allows me to capture both atmospheric and dramatic images.

Megan Falconer Jewellery has recently celebrated 10 years in business by opening her own studio in Craigievar, Aberdeenshire this summer. NEOS will be the first open studios event Megan will be hosting in her new space. Megan is proud to handcraft collections of silver, gold and platinum jewellery. She offers bespoke commissions/remodels and runs workshops.

If driving from Aberdeen (through Echt) you will see the sign for Craigievar castle on your left, the driveway to the studio is the first right after the castle. If you are coming from Alford, the driveway to the studio is the first left after Craigievar Primary school. Follow the driveway all the way to the bottom.

I use traditional techniques in my Millinery to create hats for both ladies and gentlemen. I work in felt, straw, textiles, leather and thermoplastics. The Art Nouveau and Art Deco eras inspire elements of my work as well as curves, textures and colours formed in nature. Upcyled, sustainably and ethically sourced materials are used where possible.

Walking – From the square in Oldmeldrum walk past Morris's Hotel and down the passageway to the School, studio is on the left hand side half way down the passageway. Driving – From the square in Oldmeldrum drive past Morris's Hotel down Rosebank, right onto Meadowbank, up the hill and turn right into drive opposite, Meldrum School entrance.

My inspiration comes from my love of the ever-changing seasons, mood, sky and colours that surround us on the Moray coast. My art work, cards and gifts are all one of pieces. I work mainly in acrylics but have more mixed media this year. I am delighted to return to Footprints Gallery where you will find me upstairs. Please be aware of the tight staircase.

Enter Hopeman on the B9040, turn down Harbour Street which is the centre of the village and follow the road down to the harbour where you will find plenty parking and the shop and gallery at the harbour.

Ample free parking at harbour and at beach car park.

My art practice is rooted in the tradition of representation. Through a combination of plein air and studio work, I aim to capture the essence of a place, observing how it is transformed by the changing light, weather and seasons. I am currently working predominantly in soft pastel. enjoying the way it straddles the boundary between drawing and painting.

Travelling north through Alford on Main street, turn right onto Montgarrie road and follow signs for Haughton holiday park which is off to right again. Continue up towards Haughton house which is at the end of the road. My work will be on display in Farauharson's coffee shop.

ff millshore.pottery

I specialize in hand thrown stoneware pottery. I mainly make domestic ware such as mugs, jugs, etc. I love throwing large bowls and decorative pieces. I primarily use crystalline glazes, but also enjoy experimenting with layering reactive glazes. The pottery is located in the 18th century stone byre by the white cottage.

Millshore Pottery is located on the B9031 in a lovely sheltered bay next to the village of Pennan. Located 15 minutes from Banff or Fraserburgh. Use postcode AB43 6JA. There is a large millstone at the top of our drive that says "Mill of Nethermill" on it. The pottery is located in the stone building next to the white cottage.

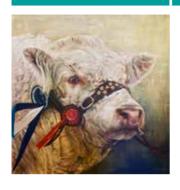

There are two parking spaces with additional parking at the beach.

I work with stoneware clay fired in my electric kiln. My work is very varied, reflecting clay's versatility, from smooth, clean lined forms to strong organic pieces, echoing ancient rock formations. Ideally our homes should contain only that which we know to be useful or believe to be beautiful. I gim to combine the two, making functional, joyful pottery.

I am between Fordoun and Laurencekirk, one mile off the A90 taking the Mill of Conveth turning. The single lane road meanders through farmland before bending to the left, (following signs for "Farm to Table"), over a small stone bridge. We are the only house immediately after the bridge on the right hand side.

Thematically my practice is shaped by the physical and cultural landscape I find myself. Exploring themes of identity and place through eating cultures, focusing on narratives and rituals associated with place. I feel that ceramics and food forge connection, cohesiveness and symbolise the intrinsically communal and collaborative aspects of both practices.

Based in Deeside, Aberdeenshire, I paint landscapes in oil, acrylic and mixed media. I hope to capture a little of what makes the everyday places around Scotland special. I paint realistic impressions as well as more abstracted landscapes from memory.

I am inspired by the natural world, by the marks and scars left by man and the elements. I like to play creatively with textiles, paper, thread, paint, stitch, glue, and even beach finds. My background in traditional embroidery acts as the foundation of my current practice, but I now embrace the freedom of self-expression and as tutor. I share that approach.

I work primarily in oil paint, creating paintings that are inspired by a sense of place, the elements, and the transient quality of the light. Oil paint allows me to work in a colour palette that is luminous and bold as well as at times subtle and close-toned. My paintings might be described as semi-abstract responses to my surroundings.

Coming from Forres High Street, turn down onto Tolbooth Street, past the Falconer Museum, Turn right onto Fulton Road, where a car park is ahead of you. Number 30 is on that corner

There are two free car parks within 2 minutes walk of the venue

Nik's captures reflect nature's finest spectacles. Roads less travelled, the contours of our landscape, favourite climbing hills, shimmering skies above ~ sunscapes, snowscapes, seascapes, storms ~ even dreich days have their beauty when there's a welcome glow from a cosy cottage window. Full moons & dancing northern lights adding that touch of maaick.

My work is inspired by remote places and the idea of escape, whether real or imaginary. This may involve journeying into the wilderness, contemplating a flower, or delving into the realm of abstraction. With much of my work focusing on mountains, I gravitate toward bold lines, high contrast, and a stylized form of expression, striving to convey a sense of movement and the sculptural qualities of these landscapes.

## E=Viii&Go@&

Six years ago I started off with two valais black nose sheep (The cutest sheep in Britain!). We now have a pedigree and fibre flock of 120 +consisting of 8 different breeds. They're amazing fleeces inspired me to get creative so I make felted and peg loomed rugs and cute felted animals. Come along have a chat and meet our friendly flock.

We are down the lane beside the church in Millbrex. Millbrex is between Fyvie and New Deer.

Parking for approximately 8 cars, also a lay-by beside the church.

Using stoneware clay, thrown on the wheel, I create my functional tableware and vases. By experimenting with glaze and overlapping different glazes I enjoy exploring colour and texture to create pieces that give connotations of the night's sky and deep oceans. My work is rooted in the landscape of the North East. Observational drawing has become increasingly important in my practice and as a result, my drawings and paintings have moved away from abstraction. I have been experimenting with combinations of materials on a range of surfaces and returning to the simple, sensory joy of mark making.

From Torphins square, travel North and then turn left on to Grampian Terrace. Take the first right on to Auchmacoy Road and my house is located on the left hand side opposite the church. Signs will direct you to my studio cabin in the garden.

Over 30 coastal and rural landscapes plus still life paintings on show. In my landscapes I aim to capture fleeting moments in time where the weather or dramatic light conditions have drawn my attention to an everyday scene. Antique linens and china feature in my still life paintings. I also have a new range of prints, greetings cards and giftware.

From Mintlaw take the Fraserburgh road A952 and in approx 1.5 miles turn right onto the road signposted "Hythie". In approx half a mile turn right down a farm track, pass a big white shed and Braeside Croft is the cottage on the left. The studio/ gallery is the white annex adjacent to the house.

Parking at the door of the studio plus in the driveway of the house.

I am a self taught Needle felter and I create animal sculptures and art from sheep wool. I am inspired by the form and movement of animals and the beautiful Scottish landscape. This year I will, once again, be sharing a studio with the very talented landscape artist, Amy Holden of Adventures with Landscapes and also the wonderful Gail Ruck of Croft Leather.

Located halfway between Grantown and Aberlour on the A95. Signposted Inveraven Church and a brown tourist sign to Inveraven Pictish Stones. The Church itself can be found a third of a mile at the end of the narrow single-track road.

Parking available at the Church and approx 200m before the Church.

I am a member of the Art Society. I have a studio converted from my former garage and this is where I am having my exhibition. I am inspired by our beautiful landscapes and the north east beaches. Other inspiration comes from my garden, be it flowers or other still life. I work with acrylics on canvas creating colourful paintings.

Harcourt Road is located near Aberdeen Royal Infirmary and can be accessed from either Midstocket Road or Westburn Road.

There is limited parking available on the drive at the house.

Working mainly in acrylics with palette knives, I create paintings inspired by the marks we have left on the world, and the untold stories they allude to. Light and depth are important elements of my style, as are the earth colours that dominate my colour palette. I draw my inspiration from both the local area, industrial history, and world events.

Turnoff from the A92, Follow the road down to the harbour, head east past the Maggie Law museum, after the S bend you will see a cluster of garages on your right, we are the second house on the right past this point.

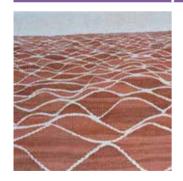

On street parking.

I am a tapestry weaver making woven images on an upright tapestry loom from my studio in Huntly. For NEOS I am joining a Huntly based group of makers and artists to showcase some of the things we make up here in this creative part of Aberdeenshire. I will have a small portable loom set up for you to try weaving along with wall based work for sale.

If arriving by train walk up Bogie Street from the station to find Number 30 The Square in the town square. If arriving by bus the stop is in the square directly across from the venue, and if arriving by car turn into Huntly at the ASDA roundabout and drive along Gordon Street to find the venue in the town square.

Disabled parking in the front, free parking next to the police station.

My work explores life on the edge, that space between land and sea, the fragility, how human interaction leaves ripples among place time and wildlife. I also look now from the perspective of grief, reflecting, remembering, celebrating all that my husband cherished about his Crovie homeland.

From Macduff take the B9031 to Gardenstown, at the top of Gardenstown the junction near the spar shop turn right signposted Crovie, 100yrs on turn left signposted Crovie. Drive past the view point car park and use either the residents car park at the top of the hill immediately before the village or drive down and if possible park.

My acrylic paintings are inspired by landscapes and seascapes in Scotland and the sunny south coast of Spain. I enjoy being inspired by my other travels abroad and I also produce still life, portraiture and mixed media wall hangings.

Coming from Aberdeen on the A93, Newton Dee is sign posted on the left after Bieldside traffic lights. Follow Old Ferry Road down through trees to roundabout and turn right to find car park at Phoenix Centre. Nos 19 and 201 buses also stop on North Deeside Road at entrance to Newton Dee.

Sizeable car park with disabled spaces.

My stoneware cups, bowls and vessels being used every day is important to me. Layers of glaze and slips including local wild clay decorate pots inspired by the land, sea and sky.

# MEET YOUR NEOS COMMITTEE

We have a shared mission to shout about the talent in the North East of Scotland.

We're the crew behind the scenes — makers, artists, organisers, and creative doers who are passionate about championing the incredible talent across the North East of Scotland.

We're not here to gatekeep or grandstand — we're here to amplify. We believe this region is bursting with creative energy, and NEOS is our way of making sure the world sees it. From wild coastlines to kitchen tables, studios to sheds, what happens here is something very special.

We're friendly, we're approachable, and we love a good chat (especially over cake). So if you spot us at events or online, say hello — we're in this together.

Join us for the NEOS AGM on Sunday 26th October 2025.

It's your chance to hear how NEOS 2025 went, share your experiences, explore new ideas, and help shape what's next.

Everyone's welcome and it's a great networking opportunity — see you there!
