## *Pottery Haven*

CERAMICS

Pottery Haven is a small batch pottery studio based in Stonehaven, North East Scotland. I primarily work with stoneware clay using hand building and wheel throwing techniques. Although my focus is on functional pottery for the home, I also like to make decorative pieces, all with my signature flowing glazes.

Splash, scratch, drip - Seabelle Studio is where I create expressive mixed media paintings inspired by the Stonehaven coastline. Inky blues meet seafoam greens to create moonlit dreams of where sky meets sea.
